Tournament Scheduling & Planning

The Delgado & Lee Pro Academy has a partnership with Claires Court Independent School, Maidenhead to ensure that every full time player is able to access a top level education whilst not compromising the needs of a full time player.

Living Tennis has an exclusive discount with Claires Court for Delgado & Lee Pro Academy players.

The partnership with Claires Court Independent School as the academic providers for the Delgado & Lee Pro Academy (ages 12 -18) was established to permit the most talented to take their tennis further whilst retaining a core of academic study.

The pathway to American Universities and tennis scholarships is also a key focus of this partnership.

## The Delgado & Lee Pro Academy has a partnership...

Claires Court is a school for families, run by a family, providing private education for young people aged 3-18 years. Based on three sites across Maidenhead, they are a broad ability day school offering a diamond shape education. This allows a unique opportunity for boys and girls to be educated during their main school years separately. They come together for trips and visits, whilst at Sixth Form pupils benefit from a co-educational provision.
