

DELGADO & LEE PRO TENNIS ACADEMY

PERFORMANCE CAMPS 2018

PERFORMANCE CAMP INVITATION

Dear Parents,

We hope your child is enjoying the Delgado & Lee After School Academy sessions so far this year and have noticed some improvements in their tennis so far.

Our aim is to see our After School Academy players increase their training time as they continue their development. We hope to increase the playing time on the squads in coming terms and will let you all know once this has been finalised.

As a further opportunity for training this term, we are running Performance Camps at Bisham Abbey during the February half term and throughout 2018. The camps will be run by Tom Smith and a team of our coaches and will be a great opportunity to play some more tennis.

We wanted to make our current squad players aware of the camp dates first before external players and are happy to offer a discount to our current players of 5% if booked before 26th January. Booking details are shown below and to reserve your child's place, it's now easy to book online.

See you court side!

Johnny Delgado
Delgado & Lee Pro Tennis Academy Manager

INTRODUCTION

“Intensity, dedication & enjoyment”

01

We regard ourselves as a closely knit family, and aim to create an environment in which all players are able to access a world class training environment right here in the UK, to help them reach their individual potential. As a team, we work hard to ensure that everyone that joins us buys into our 3 main principles of *“Intensity, Dedication and Enjoyment”*.

02

Our only requirement is for all our players to bring their best effort and willingness to learn to every session with us, be it in the gym or on court.

03

We have been extremely fortunate to experience first-hand the very highest level of training and competition environments, both domestically and internationally, and are excited to give the next generation of players the opportunity of world class training here at Bisham Abbey National Sports Centre.
